

Case for iPad

The watertight and impact proof Case for iPad is specially designed for outdoor protection of the Apple iPad. Many functions are still usable while iPad is inside.

Use the Apple iPad in any situation! Because of the slim design of the device, it is necessary to handle it with care. Our case provides protection not only against water, bumps, drops, scratches and dust. Of course the iPad can be put inside and removed within seconds and without the need for tools. The flexible display foil gives a reliable protection against ingress of water. The high-impact resistant polyamid housing is available in different colours.

- ▶ watertight (IP65), impact proof (MIL810F)
- ▶ floatable
- ▶ suitable for Apple iPad
- ▶ Many functions are still usable
- ▶ External dimensions (in mm): 268,3 x 212 x 26,5
